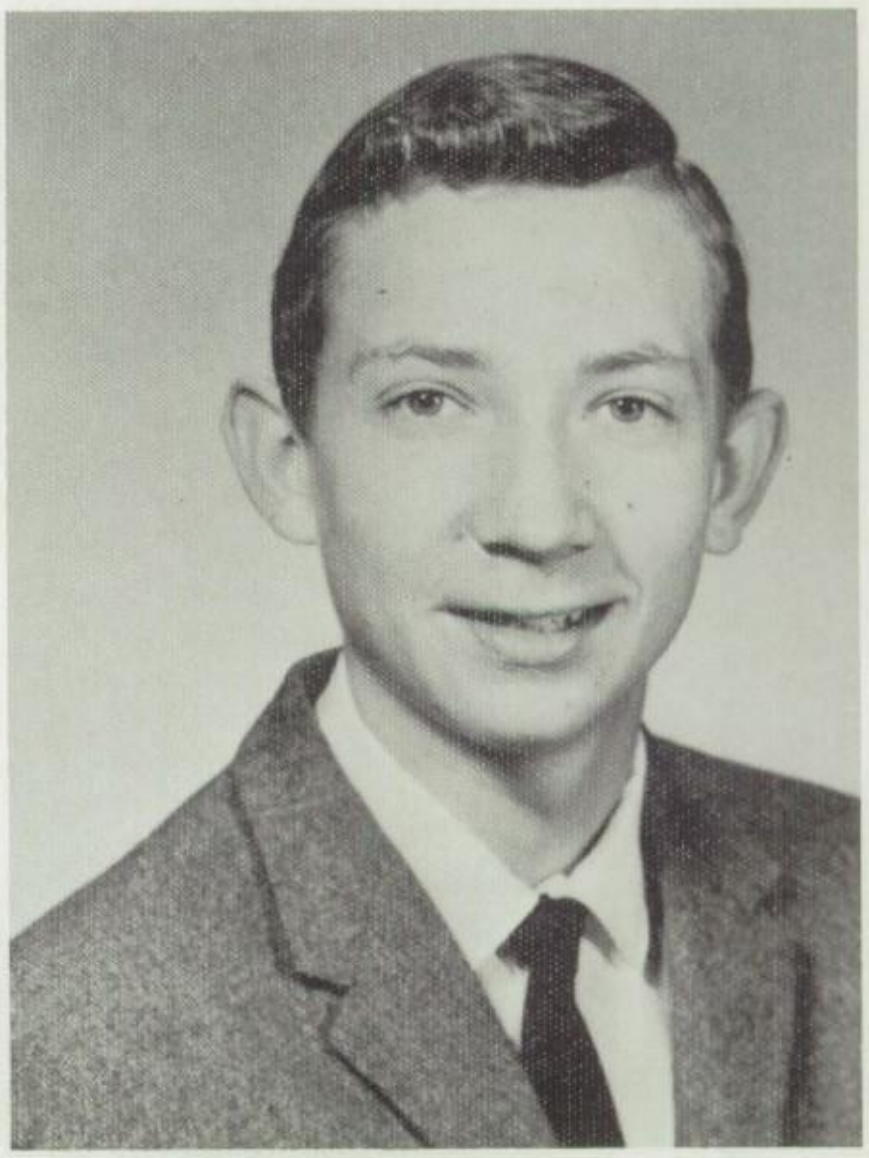
In Memoriam

LAWRENCE WILSON



MIKE WASIA

The graduating class of "68" dedicates this page in fond memory of Lawrence and Mike, who while they were with us, gave all of us times to remember and treasure.

Though they will not graduate with us we will graduate with many dear memories.

It seems as though it were only a few short years ago when I used to look forward to a bedtime story and a chance to lick the cake bowl. But the years flew by and new things filled my desires ... clothes, the use of the family car, dates, and MONEY. Yes, and you, Mom and Dad, were the ones who always shared these little things with me. You laughed when I laughed; cried when I cried. You knew and understood that all these things were just a part of my growing stage.

And so, Mom and Dad, I offer this dedication to you to express my appreciation for all the loving memories of your trust, confidence, wisdom, understanding, friendship, and love you have given me through these years.

The Annual Staff is deserving of recognition for their cooperation and effort in producing this fine yearbook.

This is also a good time to congratulate the Class of 1968 and to give them our best wishes as they are about to scatter to the far corners of the world. The breaking of old ties, and establishment of new ties is an important step in the development of young men and women. The old ties established during the twelve years of school associations are dear and will be cherished in the many years of the future. May you break the old ties with grace and establish your new ones with pride and wisdom.

Can This Be True??

We begin our story on an L.S.D. Trip to discover what will happen to the class of 1968.

We were gently floating along on a blue cloud when we saw Pat Cox as a happy bachelor coaching the Jet Football Squad. We ventured inside of a building and saw the basketball boys being coached by none other than Clint Livingston. Upstairs we found Tom Gohl teaching Economics. These three young bachelors were stockholders of the nationally known Single Girl's Company.

We flew out of the district and on to the part of the city where there was a huge white building. It had to be none other than a hospital. We flew into it and discovered some of the girls from H.C.H.S. Patricia Altman had become a singing physical therapist with 12 kids and making her millions, with Ellen Fielding as her assistant nurse.

We noticed a house next door to the hospital where Doctor Carol Cooper, who is now Mrs. Dennis Schnieder, has her office. We also noticed another familiar face, Rusty Evans, who was tutoring Carol and Dennis's 5 children.

As our trip advanced we found ourselves inside the Jiffy Employment Agency in front of the Registrar's desk. On the desk was a list of secretaries from Go Gett'em Gett'em, Inc. On the list was Cathy Carter, being employed as the Bookkeeper for the Bachelor Association, Vicki Fowler as Accountant for Harter Welding Company, and Mary Johnson who was employed at the Don Buffington Rodeo Assocation as his head secretary. She also attends to the financial affairs of Tim Karre's Triple S Ranch. On down the pages we found out that Linda McHarness was President of the Lilac Perfume Agency, Janice Morehead as the private secretary of the Head Commander of the Wacs, Rose Weskamp. Rosalie Schnieder is in New Zealand with the Peace Corps.

We began to feel a little human-like so we got out our L.S.D. and off we went again. We found ourselves in the home of Lynda Kramer and Gen. John Shafer, who are the proud parents of 7 boys. Karen Matticks is photographing them for her "All Man's Magazine." Karen has made enough money to hire Marsha Gathman as her professional traveling hair stylist.

Next door there were 2 girls playing a bassoon and 2 boys singing and playing a guitar. These had to be the children of Mr. and Mrs. John Kleidosty, the former Vicki Venhaus. John is a professor at Harvard U.

Suddenly there was a big explosion that came out of the University's Lab. Roger Patterson and Danny Gigax were trying out a nuclear bomb. What do you think happened? You are right - it blew up.

We spotted a nearby night club which looked very sublime. As we entered the fabulous doorway we noticed the manager, John Beard. During our stay we found out that Marcia Wittwer has redecorated Snow Mass Ski Lodge for the 25th time this year. Rick May is directing the Winter Olympics in Hayes Center, Nebraska.

As we go on we discovered that Fenella Palic was the secretary for the Denver Boys School Apartments. It looks like Irene Johnson is now in the world famous Beautician Academy and of course is still looking for the special someone she hopes to find soon. Marty Rathbun now is assisting her husband, head of the Sea Bees.

As our drug wears off we bump into a funny sign which reads "Mr. Russell Davis' Red Sox Corporation." Our greatest discovery of all was to find Mr. Reimann as President of the United States.

It's been nice seeing our old classmates and lots of luck in the future to all.
